UTTAM NAGAR EAST, NEW DELHI - 110059

## ABOUT ME

Motivated and detail-oriented Computer Application student with a robust foundation in coding and web development. Skilled in PHP from an early age, with hands-on experience in game server development for Minecraft, showcasing strong technical and team management abilities. Proficient in creating high-quality, visually appealing websites, including portfolios and restaurant sites. Currently expanding expertise in full-stack development, including MERN stack, with a keen interest in problem-solving and continuous learning. Adept at developing applications and committed to leveraging technical skills and creativity to deliver impactful digital solutions.
